Hi ,

Thank you for applying to the COVID-19 Relief Pennsylvania Statewide Small Business Assistance Program. We are Lendistry, the technology partner for the COVID-19 Relief PA Statewide Small Business Assistance grant program. 

This is an incredibly difficult time for small businesses across the Commonwealth, and the grant program received a considerable amount of applications from small businesses in need from every County in Pennsylvania.

**The application review process is now complete. We regret to inform you that your business was not selected to receive a grant at this time.** The extremely high volume of applications and limited availability of funds prevented the grant program from supporting every business that applied. The PA CDFI Network is continuing to advocate for additional relief funds for small businesses.

If you are looking for other financial options or guidance as you continue to navigate these challenging times, please contact

your local Community Development Financial Institution  
(CDFI).

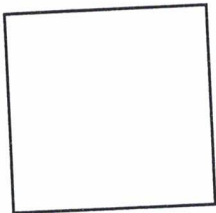

Thank you.

Wendy,

My role with CARES grant management is just to keep track of applications and helping Susquehanna with obtaining missing documentation and information. I don't have the authority to interpret eligibility, that authority and interpretation of CARES act funding has been entrusted to Susquehanna Accounting and Consulting inc. I have copied Ben Holland, Nate Swartz, and Corey Troutman on this correspondence. They have been working on the review of applications and determination of eligibility. I would defer your concerns and questions to them for a response. They are great to work with and they are very knowledgeable on the eligibility and limitations of the funding.

Respectfully,

Makayla:

My concern with this process is that there are a lot of businesses that started towards the end of the year or beginning of the new year that will not be able to document a loss. It was my understanding that if this is an eliminating factor for any grant applicant and it will be difficult to send the funds.

As you are aware, we are funded by a variety of grant programs and specific to uses of funds. We also were awarded COVID dollars during this time period that were to be used for specific grant programs and uses. We were impacted by the weatherization program due to the Governor shutting down all construction activities. We experienced a loss in that program during the shut down, however it will not show in our overall r and e report.

Can you please confirm if we don't show a loss we are ineligible?

Wendy
