**Subject:** Draft October 1, 2020 FSR Report

Josh,

Attached is a draft report of the October 1, 2020 FSR (report). Please note the following:

1. The October report includes \$1,474,143.48 in eligible payroll costs and fringe benefits for public safety workers during the months of March, April, May, June, July, and August.
2. The October report includes \$161.06 in other County Response Expenditures, and \$2,549.70 in PPE. Additionally, we are including \$13,499.98 of Administration Expenses, which is below the 2% threshold.
3. Payroll costs included eligible employees from the Sheriff's office, District Attorney's office, and the Jail.
4. Payroll costs did not include eligible costs for employees from the 911 center, because we want to get a better understanding of the PEMA reimbursement (don't want to double-dip).

5. Furthermore, even though wages and benefits for Probation Officers may be eligible, we are holding off on including them at this time, until we get a better legal interpretation.
6. Fringe Benefit costs include FICA, Healthcare and Vision premiums (less employee deductions), and Unemployment costs.
7. Fringe Benefits costs did not include retirement contributions and worker's comp premiums. These will added on a later report.

If you have any further questions, please do not hesitate to contact us.

Regards,  
Ben

Josh,

Attached is a draft report of the October 1, 2020 FSR (report). Please note the following:

1. The October report includes \$1,474,143.48 in eligible payroll costs and fringe benefits for public safety workers during the months of March, April, May, June, July, and August.
2. The October report includes \$161.06 in other County Response Expenditures, and \$2,549.70 in PPE. Additionally, we are including \$13,499.98 of Administration Expenses, which is below the 2% threshold.
3. Payroll costs included eligible employees from the Sheriff's office, District Attorney's office, and the Jail.
4. Payroll costs did not include eligible costs for employees from the 911 center, because we want to get a better understanding of the PEMA reimbursement (don't want to double-dip).

5. Furthermore, even though wages and benefits for Probation Officers may be eligible, we are holding off on including them at this time, until we get a better legal interpretation.
6. Fringe Benefit costs include FICA, Healthcare and Vision premiums (less employee deductions), and Unemployment costs.
7. Fringe Benefits costs did not include retirement contributions and worker's comp premiums. These will added on a later report.

- 1. Further fees, even though a right and liability for provision of services may exist, shall be a liability of the client, including items at the time, until we get a better legal interpretation.
- 2. Single benefit costs include PICA, Healthcare and Vision premiums for the client and dependents, and the monthly cost.
- 3. Single benefit costs do not include retirement for dependent or a dependent's premium. All items will be done on a case-by-case basis.

If you have any further questions, please do not hesitate to contact us.

Josh,

Attached is a draft report of the October 1, 2020 FSR (report). Please note the following:

1. The October report includes \$1,474,143.48 in eligible payroll costs and fringe benefits for public safety workers during the months of March, April, May, June, July, and August.
2. The October report includes \$161.06 in other County Response Expenditures, and \$2,549.70 in PPE. Additionally, we are including \$13,499.98 of Administration Expenses, which is below the 2% threshold.
3. Payroll costs included eligible employees from the Sheriff's office, District Attorney's office, and the Jail.
4. Payroll costs did not include eligible costs for employees from the 911 center, because we want to get a better understanding of the PEMA reimbursement (don't want to double-dip).
5. Furthermore, even though wages and benefits for Probation Officers may be eligible, we are holding off on including them at this time, until we get a better legal interpretation.
6. Fringe Benefit costs include FICA, Healthcare and Vision premiums (less employee deductions), and Unemployment costs.
7. Fringe Benefits costs did not include retirement contributions and worker's comp premiums. These will added on a later report.

If you have any further questions, please do not hesitate to contact us.

Corey,

The HVAC System Review letter details a number of review tasks, many of which relate to heat pump issues, but there is no clear link to COVID-19. As a result, there is not a good basis for concluding that the HVAC Systems Review is a necessary expenditure incurred due to COVID-19 and Act 24/CARES Act Coronavirus Relief Fund money could not be used for this expenditure.

The Ventilation System Review letter does address several issues that could have the effect of reducing the risk of COVID-19 transmission, such as enhanced air filtration and UVGI lamps to disinfect air. However, to the extent that the review relates to projects that cannot be or will not be implemented until after December 30, 2020, there is not a good basis for using Act 24/CARES Act Coronavirus Relief Fund money.

As you know, CARES Act Coronavirus Relief Fund expenditures must be (1) necessary expenditures incurred due to the COVID-19 public health emergency; (2) not accounted for in the most recently approved budget as of March 27, 2020; and (3) incurred from March 1, 2020 through December 30, 2020. 42 U.S.C.A. § 801(d). A local government receiving Coronavirus Relief Fund money "may use

payments from the Fund only to cover previously unbudgeted costs of necessary expenditures incurred due to the COVID-19 public health emergency during the covered period.” U.S. Treasury’s “Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments” (last updated September 2, 2020) (“Guidance”) at 2. The Guidance further indicates that “for a cost to be considered to have been incurred, performance or delivery must occur during the covered period” that ends on December 30, 2020 and that when goods or services are obtained with Coronavirus Relief Fund money “in all cases it must be necessary that performance or delivery take place during the covered period” which ends December 30, 2020.  
Guidance at 2.

The Guidance further indicates that the “requirement that expenditures be incurred ‘due to’ the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency” between March 1, 2020 and December 30, 2020. Likewise, the Treasury’s “Coronavirus Relief Fund Frequently Asked Questions” (last updated as of September 2, 2020) (“FAQ”) raises the question of “[m]ay Fund payments be used for expenditures necessary to prepare for a future COVID-19 outbreak?” and in response indicates that “Fund payments may be used only for expenditures necessary to address the current COVID-19 public health emergency.” FAQ at 41. Although that may include expenditures relating to likely future outbreaks between now and December 30, 2020, it generally does not include expenditures relating to steps that will not be taken until after December 30, 2020.

For all of these reasons, there is not currently a good basis in the Treasury Guidance or FAQ for using Coronavirus Relief Fund money to pay for aspects of the Ventilation System Review relating to steps that the County does not reasonably plan to take until after December 30, 2020. The cost of a review relating to steps the County reasonably expects to take between now and December 30, 2020 could potentially be covered, so long as they pertain to COVID-19 related issues, were not in the last budget approved as of March 27, 2020, and the review is provided by December 30, 2020.

**From:** Makayla Bollman  
**Sent:** Tuesday, September 29, 2020 10:29 AM  
**To:** Commissioner Lang; Commissioner Dallara; Commissioner Baughman  
**Subject:** 3rd Quarter Newsletter July - Sept 2020  
**Attachments:** 3rd Quarter 2020 Newsletter July 2020 - Sept 2020.pdf

Commissioners,

I've done a newsletter for July – Sept. 2020 to be published this week on the employee portal. Please let me know if there is anything that I've missed or if you would like to add anything. I can also add any quotes from either of you if you want to add a section on "words from your County Commissioners."

Side Note: The next time we do a public Commissioners' meeting, If you all don't mind I'd like to get an updated photo of you all as a group and maybe individually. I do wedding photography on the side (many hats) and have a great camera that we can use to update the picture we had on the old newsletter.

Thanks,

**Makayla Bollman**

## Bedford County's Mission:

To develop, administer, and promote innovative, high quality and solution-oriented services to Bedford County that meets the needs of its citizens in the most accountable, ethical, economical caring, and professional manner possible that enriches the health, welfare, quality of life, and safety of those who live and work in Bedford County.

October 1, 2020

## COUNTY UPDATES:

### COVID – 19:

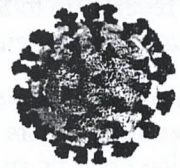

On July 14<sup>th</sup>, 2020, the County passed a resolution to advocate for the prevention of spreading COVID-19. The Bedford County Commissioners recognize and applaud the residents of Bedford County for working together during the COVID-19 pandemic to mitigate the spread of this disease.

### CARES ACT FUNDING:

In August 2020, Bedford County applied for Federal CARES County Relief Funding which was awarded to Bedford County. The County was awarded \$4.3 million in CARES Act funding to assist with County Covid-19 associated costs, local small businesses, nonprofits, tourist attractions, broadband internet access, and municipal government with the devastating financial losses and continue prevention and mitigation of the spread of the virus. Awards will tentatively be announced early October 2020.

### SECURITY VULNERABILITY ASSESSMENT:

Sorensen, Wilder, and Associates conducted a security vulnerability assessment. The assessment will assist the County with ensuring the safety and well-being of Bedford County constituents and employees. The assessment should be finished prior to the end of the year. This assessment will set the state for the County's future investment into security grants and upgrades.

### COVID-19

The County would like to continue to thank all County employees for their efforts with assisting in the mitigation of the spread of COVID-19 and staying positive during this difficult time. Your service and dedication to Bedford County citizens is appreciated!

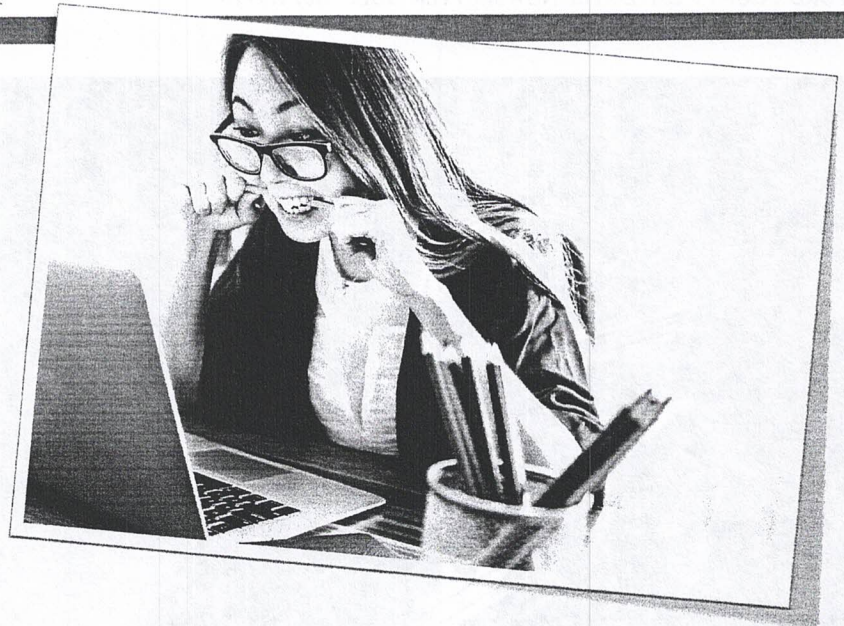

### COVID-19 Supplies

The County will be ordering bulk supplies of PPE, technology, cleaning supplies, and other general COVID related items. If you have any questions, contact Human Resources.

## Student Loan Reimbursement Program / Public Service Loan Forgiveness

Are you crippled by your Student Loan Debt?! You are not alone. The student loan debt crisis is a national issue. College tuition is at an unprecedented high and keeps climbing. Jobs are more demanding and require higher level education but is often associated with lower paying wages. Bedford County offers a Student Loan Reimbursement Program for eligible non-union county employees. An employee may receive up to \$200 per month for student loan reimbursement.

Additionally, the Federal Government offers the Public Service Loan Forgiveness Program with an income driven repayment plan option!! The application is simple and easy to qualify for! Through this federal

program your income is evaluated and then a 10-year payment plan is implemented based on what you can afford. After the 10-years and 120 qualifying payments are made, the federal government will forgive the remainder of your student loan debt. Do not struggle with the overwhelming challenge of student loan debt contact Bedford County's Human Resource Department for a Bedford County Student Loan

Application and/or assistance with the Federal Public Service Loan Forgiveness Program application.

### FEDERAL PUBLIC SERVICE LOAN FORGIVENESS

This is offered to ANY government employee, as long as they are deemed eligible by the Federal Public Service Loan Provider Program Specialists, regardless of being union or non-union.

## County Training Opportunities

Link: <https://www.localgovu.com/products/learn/?t=ccap&logou t=y>

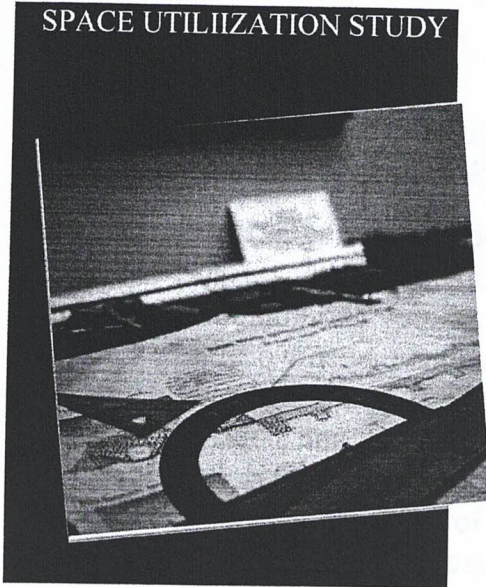

CCAP has launched several new trainings, which are available for employees free of charge. Your username is your email address and your password is:

BEDFORDCOUNTY2017.

For employees without an email address, their username is 00 number on their ID badge. If you have difficulty login onto the trainings, please contact the HR

Department at extension 2693. In addition, employees without internet access, the County has an employee computer in the breakroom to access all these trainings and to access your UPMC Health portal. There are instructions beside the Computer.

## SPACE UTILIZATION STUDY

## SPACE UTILIZATION STUDY

Judy Coutts, Architect will continue to analyze the County's space utilization and needs. Part of the analysis will be regarding COVID-19 mitigation.

Department Directors are encouraged to continue to assist her with anything she may need.

## Utilizing Human Resources:

The Human Resource Department exists to serve Bedford County employees through strategic planning, analytical recruitment endeavors, and innovative retention efforts.

The HR Department aims at fostering open communication and a positive workplace environment where discussion may take place for your ideas, concerns, work-place challenges, and to discuss what you love about working for Bedford County.

The HR Department is also here to assist any Department Head with recruitment and retention efforts such as:

- Job posting and reclassification
- Compensation planning
- Employee training
- Employee orientation and onboarding
- Workers' compensation claims
- Disciplinary issues
- General concerns
- County Benefits
- Other HR related categories

Please feel free to stop by or call anytime!

## Daily Words of Wisdom

**"We are what we repeatedly do: excellence, then, is not an act but a Habit."**

**- Aristotle**

## Daily Office Humor

**PROCAFFEINATING**  
(n) the tendency to not start anything until you've had a coffee.

### RBA Data Solutions Inc.

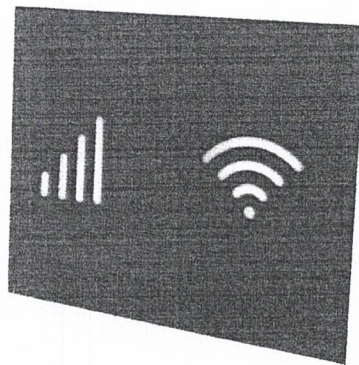

During the September Commissioners' Board meeting, RBA Data Solutions Inc. was approved to transition into the County's new IT consultant and sub-contractor. RBA's role is to provide at least two (2) days of onsite assistance and additionally as needed/scheduled. This will greatly assist the County in moving forward with technological advances and assisting with increased efficiency and effectiveness of County operations.

### Broadband Internet - Crowsnest

On August 24<sup>th</sup>, the County approved \$184,243.00 for phase I of the County's Access to Broadband Internet Project. Crowsnest, is a small local, experienced, and professional company that provides high speed wireless internet to Blair and Bedford County. 100% locally owned and operated, serving Central PA. Crowsnest will help the County implement phases of the County's Broadband internet access plan to provide Bedford County and its constituents with access to broadband internet, higher-speeds, higher-quality service provision, and to assist with constituents' need for high-quality internet access during the COVID-19 Pandemic.

### Susquehanna Consulting & Accounting Solutions Inc. (SACS)

SACS has been assisting Bedford County with managing the CARES Act funding. Corey Troutman and Ben Holland have been working diligently on reviewing the Small Business, Nonprofit, and Tourism grant applications as well as the Municipal Government and Other Government Organization applications. Furthermore, SACS will be intricately assisting the County with purchasing and reporting on PPE, Equipment, and other supplies dealing with the County's response to the Coronavirus.

## County Compensation Plan Project

Bedford County recognizes that the County is not competitive in terms of wages. Today it is important to be a competitive employer in order to retain highly valued staff and to recruit and retain highly educated individuals and individuals with phenomenal work ethics. The Bedford County Commissioners, the Finance Department, and the Human Resources Department are currently working on a Countywide Compensation plan which will include a market and feasibility study resulting in compensation recommendations and a uniform wages scale using a schedule and step system. This will be a Countywide collaborative effort and phased project.

## Bedford County's Standard Operating Procedure Manual (SOP)

Bedford County will implement a Standard Operating Procedure (SOP) in October 2020 which will be open for comment, review, and suggestions from employees and department directors. SOPs act as a step-by-step guideline for employee work processes. This will align County operations with the County's mission statement and ensure consistency and transparency with County operations. The SOP manual will be utilized to develop the County's workforce and work towards County goals.

Exchanged when a user's account is locked

services substantially dedicated to mitigating or responding to the COVID-19 public health emergency.” Thus, hazard pay is a permissible expenditure for front-line public safety employees such as Deputy Sheriffs and County Detectives (and Park Police in the counties that have them) or front-line public health employees, so long as it also qualifies as a “necessary expenditure.”

Other types of employees such as “health care, human services, and similar employees” or employees who are transferred from their normal job duties to perform COVID-19-related duties may qualify to have their payroll costs including Hazard Pay covered by Coronavirus Relief Fund money, but only if such employees are substantially dedicated to mitigating or responding to the COVID-19 public health emergency. In general, this means that more than half of the time the employee is performing duties that involve mitigating and responding to the COVID-19 public health emergency. Comments by a Treasury representative in a June 26, 2020 National Association of Counties webinar excluded Corrections Officers from the category of public safety employees who are presumed to be substantially dedicated to mitigating and responding to the COVID-19 public health emergency, but Corrections Officers employees could qualify for Hazard Pay if they are assigned to COVID-19-related duties more than half of the time.

Hazard Pay for employees not substantially dedicated to mitigating or responding to the COVID-19 public health emergency is not a permissible use of Coronavirus Relief Fund money.

As indicated above, even for employees substantially dedicated to responding to or mitigating the COVID-19 public health emergency, there must be a basis for concluding that the expense is a necessary expense. This requirement reflects the CARES Act requirement that expenditures must be necessary expenditures incurred during the COVID-19 public health emergency. The “Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments” (last updated June 30, 2020) issued by the U.S. Treasury indicates that the permissible uses of CRF money include “[a]ny other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund’s eligibility criteria.” Treasury has indicated that it broadly interprets the term “necessary” to mean “that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.”

While a government has broad discretion in determining what is necessary, if a county is experiencing a low infection rate it would be more difficult to argue that employees substantially dedicated to the COVID-19 public health emergency should be paid Hazard Pay. Conversely, if infection rates rise, as is expected to be the case in the Fall of 2020 with the onset of the traditional flu season, there would be a stronger case for Hazard Pay.

I would not recommend providing a Hazard Pay as a lump sum stipend. The FAQ raised the question of “May recipients provide stipends to employees for eligible expenses (for example, a stipend to employees to improve telework capabilities) rather than require employees to incur the eligible cost and submit for reimbursement?” In response, the FAQ indicates that “Expenditures paid for with payments from the Fund must be limited to those that are necessary due to the public health emergency.” FAQ at 3. “As such, unless the government were to determine that providing assistance in the form of a stipend is an administrative necessity, the government should provide such assistance on a reimbursement basis to ensure as much as possible that funds are used to cover only eligible expenses.” *Id.* To minimize the risk of problems, it would be advisable to pay Hazard Pay on an hourly basis and to limit it to times when an eligible employee can truly be said to be performing “hazardous duty or work involving physical hardship” related to COVID-19.

Even though it is an additional benefit, Hazard Pay for union-represented employees is a mandatory subject of bargaining that would need to be bargained with any applicable unions before it is implemented.

Hazard pay can only be provided with Coronavirus Relief Fund money through December 30, 2020. Paying Hazard Pay will likely create expectations that it will continue in 2021, but Coronavirus Relief Fund money cannot be used to provide it beyond December 30, 2020. To the extent that other County funds are used to pay Hazard Pay in 2021, a county’s resources will be further strained by diverting funds that could be used for other purposes. Although the problem is less acute in 2020, the same issue exists in 2020. Although Coronavirus Relief Fund money can be used to provide Hazard

**To:** Corey Troutman <ctroutman@susacs.com>  
**Cc:**  
**Subject:** Hazard Pay

You asked for a summary regarding Hazard Pay under Pennsylvania Act 24 of 2020/the CARES Act Coronavirus Relief Fund. Hazard Pay is a potentially permissible expenditure, but only for employees who are substantially dedicated to mitigating and responding to the COVID-19 public health emergency.

The "Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments" (last updated June 30, 2020) ("Guidance") indicates that ineligible expenditures include "Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency" as well as "Workforce bonuses other than hazard pay or overtime." Guidance at 4. It does not contain any other references to Hazard Pay.

The U.S. Treasury's "Coronavirus Relief Fund Frequently Asked Questions" (last updated July 8, 2020) refers to the Guidance as providing that "hazard pay would be eligible if otherwise determined to be a necessary expense" and indicates that "Hazard pay means additional pay for performing hazardous duty or work involving physical hardship, in each case that is related to COVID-19." FAQ at 6.

The FAQ also raises the question of whether payments from the Fund may be "used to cover across-the-board hazard pay for employees working during a state of emergency?" In response, the FAQ indicates that the "Guidance says that funding may be used to meet payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency" and that "Hazard pay is a form of payroll expense and is subject to this limitation, so Fund payments may only be used to cover hazard pay for such individuals." FAQ at 7. Hazard Pay is only available to employees who are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

The U.S. Treasury's "Coronavirus Relief Fund Frequently Asked Questions" (last updated July 8, 2020) ("FAQ") indicates that local governments "may presume that payroll costs for public health and public safety employees are payments for

Pay to certain eligible employees, doing so will be an additional expense. Counties will likely be challenged to meet their current payroll obligations without adding additional costs such as Hazard Pay. Although Coronavirus Relief Fund money provides additional funds to counties, the funds will likely only be a fraction of the losses counties will see occur in 2020 and 2021.

Please let me know if you have any questions or would like to address any of these issues.

David

Pay to certain eligible employees, along with an additional expense. Changes will likely be challenged to most that  
current payroll obligations without adding additional costs such as Hazard Pay. Through Congressional Relief for money  
provides additional funds to employees. The funds will likely only be a fraction of what total amounts will be paid in 2020  
and 2021.

Please let me know if you have any questions or would like to schedule a call to discuss.

All,

Some other Counties are considering an Xray machine/Thermal Scanner. So if the Commissioner's were deem it reasonable and necessary in the circumstances, we could look further into it. I would recommend holding off on making a decision on that until our call next week unless it is a high priority item to the Commissioners. We are working on getting a more precise estimate on the payroll that can be recouped by the County and based on the current bulk estimate, it will be substantial.

I would want Dave to update his issue list on Hazard Pay if the Commissioners are considering it. To be allowable there are quite a few items to consider, as well as the potential future ramifications when the funding is no longer here. I will forward you the email Dave sent me on potential Hazard Pay Issues that we discussed in August, so you have it for consideration. Please note that there is some information in that email that may need updated, but the concepts are the similar.

Let me know if you have any additional questions or comments.

Commissioner Dallara,

Other than the Xray machine/Thermal Scanner, I believe that Corey did touch upon the fact that the equipment would be a stretch but if we truly wanted to we would be able to tie it to CARES for the purposes of eliminating sharing of equipment. He's copied on here so he can correct me if I've misspoken. We have a call in with him next week on the 29<sup>th</sup>, we can touch base then if we feel the need too.

Makayla, although I share Commissioner Baughman's Frustration with the non-compliance of the mask policy instituted by the commissioners, I do not want to be in the position of defending why the Sheriff's Department was not provided such PPE equipment for the times they are transporting the inmates etc. etc. I also believe some of it should be classified as safety equipment. I would want to see what part of their request could be cares act funded and what parts can't before making a final decision.

## UPMC MyCare Advantage

A performance-based payment model project

UPMC MyCare Advantage is a tiered network product designed to improve health outcomes by encouraging your employees and their covered family members to use patient-centered care practices.

- **Level 1**  
Highest level of benefits  
Lowest out-of-pocket costs
- **Level 2**  
In-network access to providers within existing UPMC networks, with higher member cost sharing
- **Level 3**  
Out-of-network access (PPO plans only)

- Plan designs promote coordinated care with the majority of Level 1 PCPs in the program
- Multiple plan design options (PPO and EPO)
- Competitive pricing

Commissioners,

I've inquired with Don regarding his questionable covid expense with the GIS training. The training is Covid related but they have left over 2020 budget to use for travel/training that they could use to cover this. If you are all in agreement, I will let him know to just use his left over budget for it? Please advise.

**Subject:** RE: Covid Expense Requests

Makayla,

Attached is information about the training and a price quote. I think if there are any technical questions I will need to have Rachel's assistance in answering them.

Our training/conference budget is included within "Travel" (10171 02030 in Munis). We had budgeted \$3000 for 2020, and the last printout I received from Finance shows \$580 expended through August 31 (we have essentially not traveled since March). Normally I attend the annual conference of the PA Chapter of American Planning Association in October, at a cost of about \$800-\$1000 for registration and travel. This year it will be virtual for \$100. Otherwise we are certainly

not traveling much, although I may make a few local trips through the end of the year. I guess the \$1400 would fit in our 2020 budget but it certainly had not been proposed that way when the budget was prepared last year.

Don

Don,

Regarding PPE we may have some stock. Director Cubbison is working with me to determine what we as a County have and what we can distribute and how much we need to order in bulk. We will keep you updated.

As to GIS, I will need a printed or emailed quote, price verification for the training to consider eligibility. Did you expend your current budget for normal pre-budgeted trainings/conferences?

Best,

**Subject:** RE: Covid Expense Requests

Makayla,

On PPE –

We have two boxes of disposable paper masks that were originally 50 per box and now partly used. There is one bottle of hand sanitizer that Commissioner Lang dropped off. People have also brought in their own sanitizer. There are two containers of disinfectant wipes. We have no face shields.

The computer software is a GIS (mapping) online training titled “ARC GIS Enterprise: Configuring a Deployment Base” offered by our GIS vendor, ESRI. The cost is \$1400 for two days of training, per the course announcement. This cost did not appear in any previous budget, or our pending 2021 budget. By completing the course, our GIS specialist will gain additional knowledge to more efficiently and productively utilize the GIS software. This would include an increased

capability to map COVID-related issues, such as business or school closures; impact on businesses such as hours of operation or capacity; emergency orders; distribution of illnesses and deaths, etc. The mapping would be made available to the public at no cost on the county website.

Don

**Subject:** Covid Expense Requests

Don,

The County Commissioners and Susquehanna Accounting and Consultants have reviewed the Department expenditure and reconciliation requests and have determined eligibility on requests. Directly related to your requests is as follows:

Category	Decision/Eligibility	Reasoning
Computer Hardware	No	The County has already purchased laptops and can provide and purchase
Computer Software	Yes Conditionally	Was this a pre-budgeted expense? If not, provide a description of the
P.P.E.	Yes Conditionally Countywide	This has been deemed as an eligible Covid expense however, the County departments money specifically for sanitation, PPE, technology, and other, aside, as a lump sum to cover cleaning and supplies for the County.
Total Approved	To be Determined	Awaiting justification/verification.

Please provide me with your supply levels for COVID materials such as masks, sanitizer, and other PPE equipment by Tuesday September 22<sup>nd</sup>, so that the County may provide adequate funding for the Covid supplies and materials general fund. If I have asked for additional justification please provide that by September 22<sup>nd</sup>.

If you have any questions or if there is any missing information please let me know.

Respectfully,

**Makayla Bollman**

Commissioners,

I've inquired with Don regarding his questionable covid expense with the GIS training. The training is Covid related but they have left over 2020 budget to use for travel/training that they could use to cover this. If you are all in agreement, I will let him know to just use his left over budget for it? Please advise.

Best,

**Subject:** RE: Covid Expense Requests

Makayla,

Attached is information about the training and a price quote. I think if there are any technical questions I will need to have Rachel's assistance in answering them.

Our training/conference budget is included within "Travel" (10171 02030 in Munis). We had budgeted \$3000 for 2020, and the last printout I received from Finance shows \$580 expended through August 31 (we have essentially not traveled since March). Normally I attend the annual conference of the PA Chapter of American Planning Association in October, at a cost of about \$800-\$1000 for registration and travel. This year it will be virtual for \$100. Otherwise we are certainly not traveling much, although I may make a few local trips through the end of the year. I guess the \$1400 would fit in our 2020 budget but it certainly had not been proposed that way when the budget was prepared last year.

Don,

Regarding PPE we may have some stock. Director Cubbison is working with me to determine what we as a County have and what we can distribute and how much we need to order in bulk. We will keep you updated.

As to GIS, I will need a printed or emailed quote, price verification for the training to consider eligibility. Did you expend your current budget for normal pre-budgeted trainings/conferences?

## Course introduction

- Course introduction
- Course goals
- Installing the course data
- Icons used in this workbook
- Understanding the ArcGIS platform

## 1 ArcGIS Enterprise overview

- Lesson introduction
- What is ArcGIS Enterprise?
- What can ArcGIS Enterprise do?
- Explain the components of the base ArcGIS Enterprise deployment
- Describe base deployment prerequisites and considerations
- How is a base deployment set up?
- How do you automate a base deployment setup?
- Classroom PC environment
- Lesson review
- Answers to Lesson 1 questions

## 2 Configuring a secure environment

- Lesson introduction
- Identify component communication
- HTTPS encryption
- Exercise 2: Enable HTTPS encryption
  - Inspect the domain certificate
  - Bind the certificate to HTTPS
  - Verify HTTPS communication
- Lesson review
- Workflow
- Answers to Lesson 2 questions

## 3 Setting up a portal

- Lesson introduction
- Portal for ArcGIS installation overview
- Portal for ArcGIS account
- Exercise 3A: Complete a Portal for ArcGIS installation
  - Complete the initial configuration of your portal

Inspect the Portal for ArcGIS content store  
HTTPS communication  
ArcGIS Web Adaptor  
Exercise 3B: Integrate ArcGIS Web Adaptor  
    Install and configure ArcGIS Web Adaptor  
    Import and configure a certificate for your Enterprise portal site  
    Validate your Portal for ArcGIS installation  
Lesson review  
Workflow  
Answers to Lesson 3 questions

## 4 Setting up a GIS server

Lesson introduction  
ArcGIS Server installation overview  
Explore the ArcGIS Server installation  
ArcGIS Server directories and configuration store  
Choosing the optimal location for ArcGIS Server directories and the configuration store  
Exercise 4A: Set up your ArcGIS Server site  
    Create your ArcGIS Server site  
    Install and configure your web adaptor  
    Import the web server certificate  
    Explore your site  
Federation  
Migrating from a stand-alone server  
Exercise 4B: Federate your ArcGIS Server site with your Enterprise portal  
    Configure federation  
    Explore changes to your implementation

Workflow  
Answers to Lesson 4 questions

## 5 Managing GIS resources

Lesson introduction  
ArcGIS Data Store  
Setting up ArcGIS Data Store  
Configuring the hosting server  
Exercise 5A: Set up ArcGIS Data Store  
    Install ArcGIS Data Store  
    Create relational and tile cache data stores  
    Import the certificate for the ArcGIS Data Store  
    Designate the hosting server  
    Share a hosted layer

- Defining web layers
- Associate web layers with GIS resources
- Data registration
- Registering data with ArcGIS Server
- Exercise 5B: Work with registered data
  - Register a geodatabase with ArcGIS Server
  - Share a layer with referenced data
  - Inspect the service workspace
- Lesson review
- Workflow
- Answers to Lesson 5 questions

## 6 Securing a base deployment

- Lesson introduction
- Understanding identity stores
- Configuring portal authentication
- Choosing an authentication method
- Setting up an enterprise identity store
- Exercise 6A: Configure an enterprise identity store and authentication
  - Configure enterprise logins
  - Assign an Enterprise portal administrator
  - Configure web-tier authentication
  - Test the SSO
- Security best practices
- ArcGIS Enterprise security options
- Exercise 6B: Evaluate security for a base deployment
  - Scan your Portal for ArcGIS for security best practices
  - Scan your ArcGIS Server for security best practices
- Lesson review
- Workflow
- Answers to Lesson 6 questions

## 7 Managing users and groups

- Lesson introduction
- Sharing portal content
- Levels of sharing
- User types
- User roles
- Choosing an appropriate user type and role
- Integrating groups from your IT-managed security store
- Exercise 7: Integrate enterprise groups
  - Configure the portal group store

- Add enterprise members
- Add an enterprise group
- Lesson review
- Workflow
- Answers to Lesson 7 questions

## 8 Managing a base deployment

- Lesson introduction
- Customizing your Enterprise portal
- Configuring utility services to access ArcGIS Online content
- Customization with ArcGIS Enterprise Sites
- Collaborative system administration
- Enterprise backup and restore
- Consider Enterprise backup and restore procedures
- Review software update considerations
- Lesson review
- Answers to Lesson 8 questions

## Appendices

- Appendix A: Esri data license agreement
- Appendix B: Answers to lesson review questions
- Appendix C: Additional resources

**To:** Commissioner Lang; Commissioner Dallara; Commissioner Baughman  
**Subject:** COVID Department Expenditures 911 and EMA

Commissioners,

Below is a draft response of how I will address each department for their Covid expense eligibility. Is the below format suitable for you?

David and Karen,

The County Commissioners and Susquehanna Accounting and Consultants have reviewed the Department expenditure and reconciliation requests and have determined eligibility on requests. Directly related to your requests is as follows:

Category	Decision/Eligibility	Reasoning
Professional Cleaning:	Yes Conditionally Countywide	This has been deemed as an eligible Covid expense however, the Co departments money specifically for cleaning services. This will be do cover cleaning and supplies for the County.
COVID-19 Testing	No	Right now, UPMC is not charging co-pays or any other associated co:
P.P.E.	Yes Conditionally Countywide	As to the request for Air Purifiers, the County may be looking into up be funding individual Air purifiers a done.
Sanitation and Supplies	Yes Conditionally Countywide	This has been deemed as an eligible Covid expense however, the Co departments money specifically for sanitation and supplies. This will to cover cleaning and supplies for the County.
P.P.E. – County Responders and services to guests	Yes Conditionally Countywide	This has been deemed as an eligible Covid expense however, the Co departments money specifically for sanitation, supplies, and other P a lump sum to cover P.P.E. for the County.

Please provide me with your supply levels for COVID materials such as masks, sanitizer, and other PPE equipment by Monday September 21<sup>st</sup> So that the County may provide adequate funding for Covid supplies and materials. If I have asked for additional justification please provide that by September 21<sup>st</sup>.

If you have any questions please let me know.

Respectfully,

**Makayla Bollman**

Administrative

Below is a copy response of how I will ensure each department of their Covid response slightly in the below format suitable for you.

David and Karen

The County Commissioners and I will be working to ensure that all departments are up to date on their Covid response and have a plan in place to handle any requests that may arise. Your requests are as follows:

Category	Decision/Action	Response
Professional Cleaning	Yes	The Bed County will be providing professional cleaning services to all departments. This will be done on a regular basis to ensure that all departments are clean and safe.
COVID-19 Testing	No	Right now, COVID-19 testing is not being provided by the County. However, we will be looking for other options to provide testing services to the County.
P.P.E.	Conditionally	As to the request for P.P.E., the County will be looking for other options to provide P.P.E. to the County. We will be looking for other options to provide P.P.E. to the County.
Sanitation and Supplies	Conditionally	The Bed County will be providing sanitation and supplies to all departments. This will be done on a regular basis to ensure that all departments are clean and safe.
P.P.E. - County Response and Services to guests	Yes	The Bed County will be providing P.P.E. to all departments. This will be done on a regular basis to ensure that all departments are clean and safe.

Please provide me with your supply needs for COVID-19 response so that we can ensure that all departments are up to date on their Covid response. If you have any questions, please contact me at 814-624-2693.

If you have any questions, please let me know.

Respectfully,

**Debra Brown**

Corey,  
I agree, this could fairly be characterized as a direct planning cost for mitigation. There is some risk if it is just intended to identify changes to be made sometime in the future, but so long as it relates to changes they are looking at potentially making by December 30, 2020 it could covered.

The architect we are working with submitted a COVID-19 Architectural Evaluation proposal. This will be completed by October so that recommendations can be implemented prior to the end of the year. She separated out work that is not part of the COVID recommendations into a separate proposal that will be done concurrently. Wanted you to look it over and provide input prior to us signing the contract with her. In order to get this moving, we would like to sign it ASAP.

Best,

Deb Baughman  
Bedford County Commissioner  
200 South Juliana Street; Suite 301  
Bedford, PA 15522

# Bedford County Court House Complex

## Proposal for COVID-19 Architectural Evaluation

September 2, 2020

Prepared for:  
Bedford County Commissioners  
Bedford, Pennsylvania

Prepared by:  
Judy Coutts, Architect  
(814) 943-6022  
[www.judycoutts.com](http://www.judycoutts.com)

## Project Scope

With the COVID-19 situation, the Bedford County commissioners want to evaluate public, circulation, and shared spaces, along with layouts of the various departments within the building, to implement best practices related to the Center for Disease Control's (CDC) guidelines, physical distancing, and related occupancy adjustments. The complex consists of the original courthouse building, the Lyon Building, and the office building, consisting of approximately 126,400 square feet.

These services will be performed concurrently with an evaluation of current and projected space needs for the facility, which may include the changes listed below:

- Expansion of the sheriff's suite
- Expansion of the children and youth suite
- Expansion of the HR department
- Contraction of the planning department
- Contraction of the auditors' suite
- Consolidation or sharing of support spaces such as office supply storage and conference rooms
- Implementation of remote working and/or shared/flexible working environments like "tech cafes" for selected staff in some departments to reduce the physical space needed
- Better use of "wasted" corridor and vacant basement space
- Implementation of County services via on-line portals to reduce in-person interactions

## Project Organization and Approach

We will work with your team for preliminary brainstorming, planning, and budgeting. After we perform our initial data gathering and analysis, we will meet with your team for two planning sessions as follows:

- Session One: Review and approve the project goals; review the existing conditions; review preliminary findings about COVID-19 related issues, and review the questionnaire that will be distributed to department directors
- Session Two: Review the questionnaire results, and the related of the recommendations related to COVID-19 recommended changes

## Professional Services

We will provide these **architectural COVID-19 evaluation services**, with your staff's assistance:

- Prepare a list of the project goals
- Correct the current floor plans as needed to reflect the current conditions
- Visually survey the departments within the facility, to identify opportunities for better compliance with CDC guidelines and industry best practices
- Evaluate the public, circulation, and shared spaces to identify opportunities for better compliance with CDC guidelines and industry best practices
- Survey the department heads for each's input regarding their current and future space needs, with consideration given to best practices related to the current COVID-19 situation
- Identify departments where adjustments are recommended
- Identify possible solutions

## Professional Services, *continued*

- Review the information with the commissioners and key staff, including the planning, maintenance, and security directors
- Brainstorm with your team regarding the proposed adjustments
- Develop preliminary floor plans and a presentation board (if requested) showing COVID-19 related changes
- Develop our opinion of the probable construction costs, and
- Prepare electronic and/or hard copy documents for your use

## Deliverables

We will provide paper and electronic documents, drawings, and/or presentation board(s) that may include these items:

- Project goals
- COVID-19 related questionnaire for the department directors' input
- Evaluation of the public, circulation, and shared spaces (including public toilets) with recommendations for better compliance with CDC guidelines and best practices related to the COVID-19 situation
- Diagrammatic plans of the existing conditions showing current department layouts
- Diagrammatic plans showing potential adjustments
- Opinion of the probable construction cost for architectural changes only

## Services Not Included

- Evaluation of the site and parking
- Evaluation of adjacent or remote sites
- Evaluation of on-site day care
- Engineering review of the existing building
- Complete master plan, including evaluation of building systems. The evaluation will be architectural in scope only.
- Complete architectural and engineering design services related to alterations, addition(s), and/or other sites
- Preparation of construction/permit drawings
- Identification of hazardous materials
- Identification or investigation of funding sources

## Schedule

We are available to begin your project upon your acceptance of our proposal.

Assuming you are readily available to meet, that we have ready access to all areas within the building, and the department heads respond to the questionnaires in a timely fashion, our goal will be to complete the COVID-19 related evaluation within 45 – 60 days.

## What We Will Need From You

- Access to the site and building
- Your time to meet with us to discuss your needs and evaluate our suggestions (we have started this)
- A place where we can meet for our planning sessions with good lighting, a large table, and chairs enough to seat the team members
- CAD or pdf drawings of the complex and furniture
- A copy of the building standards, if they exist

## Fee

This proposal is a companion proposal to our Architectural Space Planning Services proposal, and assumes that that proposal will be accepted along with this one. This is not a “stand-alone” proposal.

With that assumption, we will provide the preliminary services listed above to your organization for the lump sum of \$7,680. This sum includes a \$125 allowance for reimbursable expenses such as the presentation board(s) and other materials related to the performance of our services.

## Payment

No initial payment will be required. Services will be billed monthly according to the work accomplished and payment is due within 45 days. Balances remaining unpaid 60 days will be assessed interest at the rate of 1% per month or portion thereof. Services will be suspended if balances remain unpaid after 60 days and will be turned over to the court if unpaid after 75 days.

We anticipate our monthly billings will total as shown below:

Month 1	\$3,905	(Performed in September, billed in October, due in November)
Month 2	\$3,775	(Performed in October, billed in November, due in December)
Total	\$7,680	

## Miscellaneous

If you decide at any time to terminate the project, we agree that we will be compensated for the services performed prior to termination along with reimbursable expenses incurred. Furthermore, the initial payment will be forfeited as a termination fee.

Drawings, sketches, computations, or any other such data provided by our firm shall be considered “instruments of service.” You will receive clear and useable copies of such documents, but the originals remain our property.

Our liability is limited to damages resulting directly from Judy Coutts, Architect’s negligence, and will not exceed the fee paid for services rendered.

If work stops on the project for a continuous period of six calendar months, our agreement is deemed to have expired and our team is released from all liability related to the performance of our services.

This proposal expires 45 days from the date listed above.

If you decide that you wish to receive additional services, they will be performed at the hourly rates of \$125 for meetings and \$63/hour for all other time, including travel. Reimbursable expenses will be charged to you at our cost.

If the time for this agreement exceeds six months from the date of acceptance, we agree that our fee will be equitably adjusted.

**Miscellaneous, *continued***

If you change your mind about the direction of the project and that change requires us to revise our work, we agree that we will be compensated for the time required to make the desired changes.

If you expand the project scope and this requires us to expand our efforts, we agree that we will be compensated for our related time.

We reserve the right to use images of and information related to this project in our marketing materials, including posting on the firm website. We respect your privacy and will release only the information that you so authorize.

To affirm that you have read and understood the terms of this agreement, please sign one copy of this letter where indicated below and return it to me with your initial payment when you are ready to begin. Thank you for choosing our firm; we look forward to working with you.

Sincerely,

Judy Coutts,  
ARCHITECT

Corey,

I've received updated requested amounts and documentation from Imler Area Fire Company and Pinkies hair salon. I've updated the sheet online, and uploaded an "updated" version of their applications.

How would you like to continue to see these updates, over email like I'm doing here or would you prefer another route of communication?

Best,

**Makayla Bollman**

**Subject:** RE: Treasury Updates Guidance and FAQ

Can also now pick up COVID-19 related time for those who spend less than 51% of the time on COVID-19 related work under this language in the updated Guidance:

Not substantially dedicated

As provided in FAQ A.47, a State, local, or tribal government may also track time spent by employees related to COVID-19 and apply Fund payments on that basis but would need to do so consistently within the relevant agency or department. This means, for example, that a government could cover payroll expenses allocated on an hourly basis to employees' time dedicated to mitigating or responding to the COVID-19 public health emergency. This result provides equitable treatment to governments that, for example, instead of having a few employees who are substantially dedicated to the public health emergency, have many employees who have a minority of their time dedicated to the public health emergency.

**Subject:** RE: Treasury Updates Guidance and FAQ

Corrections Officers are now in the presumed substantially dedicated/100% of payroll category, as are 911 dispatchers, and public safety and public health supervisors, and county nursing home staff who provide "medical and other health services to patients" as well as their supervisors under this language:

"In response to questions regarding which employees are within the scope of this accommodation, Treasury is supplementing this guidance to clarify that public safety employees would include police officers (including state police officers), sheriffs and deputy sheriffs, firefighters, emergency medical responders, correctional and detention officers, and those who directly support such employees such as dispatchers and supervisory personnel. Public health employees would include employees involved in providing medical and other health services to patients and supervisory personnel, including medical staff assigned to schools, prisons, and other such institutions, and other support services essential for patient care (e.g., laboratory technicians) as well as employees of public health departments directly engaged in matters related to public health and related supervisory personnel."

53. May Fund recipients incur expenses associated with the safe reopening of schools?

Yes, payments from the Fund may be used to cover costs associated with providing distance learning (e.g., the cost of laptops to provide to students) or for in-person learning (e.g., the cost of acquiring personal protective equipment for students attending schools in-person or other costs associated with meeting Centers for Disease Control guidelines). To this end, as an administrative convenience, Treasury will presume that expenses of up to \$500 per elementary and secondary school student to be eligible expenditures, such that schools do not need to document the specific use of funds up to that amount.

54. May Fund recipients upgrade critical public health infrastructure, such as providing access to running water for individuals and families in rural and tribal areas to allow them to maintain proper hygiene and defend themselves against the virus?

Yes, fund recipients may use payments from the Fund to upgrade public health infrastructure, such as providing individuals and families access to running water to help reduce the further spread of the virus. As required by the CARES Act, expenses associated with such upgrades must be incurred by December 30, 2020. Please see Treasury's Guidance as updated on June 30 regarding when a cost is considered to be incurred for purposes of the requirement that expenses be incurred within the covered period.

55. How does a government address the requirement that the allowable expenditures are not accounted for in the budget most recently approved as of March 27, 2020, once the government enters its new budget year on July 1, 2020 (for governments with June 30 fiscal year ends) or October 1, 2020 (for governments with September 30 year ends)? As provided in the Guidance, the "most recently approved" budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account. Furthermore, the budget most recently approved as of March 27, 2020, provides the spending baseline against which expenditures should be compared for purposes of determining whether they may be covered using payments from the Fund. This spending baseline will carry forward to a subsequent budget year if a Fund recipient enters a different budget year between March 27, 2020 and December 30, 2020. The spending baseline may be carried forward without adjustment for inflation.

56. Does the National Environmental Policy Act, 42 U.S.C. § 4321 et seq, (NEPA) apply to projects supported by payments from the Fund?

NEPA does not apply to Treasury's administration of the Fund. Projects supported with payments from the Fund may still be subject to NEPA review if they are also funded by other federal financial assistance programs.

Yes, payments from the Fund may be used to cover costs associated with providing distance learning (e.g., the cost of laptops to provide to students) or for in-person learning (e.g., the cost of acquiring personal protective equipment for students attending schools in-person or other costs associated with meeting Centers for Disease Control guidelines). To this end, as an administrative convenience, Treasury will presume that expenses of up to \$500 per elementary and secondary school student to be eligible expenditures, such that schools do not need to document the specific use of funds up to that amount.

54. May Fund recipients upgrade critical public health infrastructure, such as providing access to running water for individuals and families in rural and tribal areas to allow them to maintain proper hygiene and defend themselves against the virus?

Yes, fund recipients may use payments from the Fund to upgrade public health infrastructure, such as providing individuals and families access to running water to help reduce the further spread of the virus. As required by the CARES Act, expenses associated with such upgrades must be incurred by December 30, 2020. Please see Treasury's Guidance as updated on June 30 regarding when a cost is considered to be incurred for purposes of the requirement that expenses be incurred within the covered period.

55. How does a government address the requirement that the allowable expenditures are not accounted for in the budget most recently approved as of March 27, 2020, once the government enters its new budget year on July 1, 2020 (for governments with June 30 fiscal year ends) or October 1, 2020 (for governments with September 30 year ends)? As provided in the Guidance, the “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account. Furthermore, the budget most recently approved as of March 27, 2020, provides the spending baseline against which expenditures should be compared for purposes of determining whether they may be covered using payments from the Fund. This spending baseline will carry forward to a subsequent budget

year if a Fund recipient enters a different budget year between March 27, 2020 and December 30, 2020. The spending baseline may be carried forward without adjustment for inflation.

56. Does the National Environmental Policy Act, 42 U.S.C. § 4321 et seq, (NEPA) apply to projects supported by payments from the Fund?

NEPA does not apply to Treasury's administration of the Fund. Projects supported with payments from the Fund may still be subject to NEPA review if they are also funded by other federal financial assistance programs.

Mike/Tracy,

As discussed, attached is a reconciliation of expenditures, which may be eligible for reimbursement under the CARES Act Block Grant.

For the expenditures highlighted in yellow, I was not able to determine if these purchases have yet been expended; and if so, where they are charged to in the G/L.

Would you kindly assist me with these expenditures?

Once it is determined that these expenditures are eligible for reimbursement, we will need to re-class in MUNIS.

There already appears to be \$16,027.25 directly charged in the G/L to COVID19 expenditures.

Please let me know if you have any questions.

Regards,  
Ben

Hi Tracy,

As discussed, attached is a reconciliation of expenditures, which may be eligible for reimbursement under the CARES Act Block Grant.

For the expenditures highlighted in yellow, I was not able to determine if they will qualify for reimbursement and if so, where they are charged to in the QP.

Would you kindly assist me with these expenditures?

Once it is determined that these expenditures are eligible for reimbursement, we will need to re-classify them.

Thank you for your assistance in this matter. I have already spoken to the IRS regarding the COVID-19 expenses.

Please let me know if you have any questions.

## **BRAODBAND GRANT CORONAVIRUS RELIEF FUND RECIPIENT AGREEMENT**

**THIS AGREEMENT** made this 24<sup>th</sup> day of August 2020, by and between the **COUNTY OF BEDFORD**, a political subdivision under the laws of the Commonwealth of Pennsylvania, hereinafter referred to as “the County,”

**AND**

Crowsnest Broadband LLC, a Limited Liability Company having its headquarters and principal business office at 4467 Woodbury Pike Woodbury, PA 16695, hereinafter referred to as “Recipient.”

The County and the Recipient separately shall be referred to as a “Party” and collectively shall be referred to as the “Parties.”

### **RECITALS:**

**WHEREAS**, Section 5001 of the federal Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which became law on March 27, 2020, establishes a Coronavirus Relief Fund; and

**WHEREAS**, the CARES Act requires that Coronavirus Relief Fund money be used for expenditures that (1) were necessary expenditures incurred due to the COVID-19 public health emergency; (2) were not accounted for in the budget most recently approved as March 27, 2020; and (3) were incurred, on a cash basis, during the period that begins on March 1, 2020, and ends on December 30, 2020; and

**WHEREAS**, the County received Coronavirus Relief Fund/COVID-19 County Relief Block Grant money from the Commonwealth of Pennsylvania under Act 24 of 2020 (“Act 24”), which funding was distributed to the Commonwealth by the United States Department of the Treasury (“U.S. Treasury”); and

**WHEREAS**, Act 24 permits Coronavirus Relief Fund/COVID-19 County Relief Block Grant money to be used for “broadband internet deployment with priority given to unserved or underserved areas”;

**WHEREAS**, the U.S. Treasury’s “Coronavirus Relief Fund Frequently Asked Questions” (last updated July 8, 2020) indicates that use of Coronavirus Relief Fund money to expand rural broadband capacity to assist with distance learning and telework “would only be permissible if they are necessary for the public health emergency” and that “[t]he cost of projects that would not be expected to increase capacity to a significant extent until the need for distance learning and telework have passed due to this public health emergency would not be necessary due to the public health emergency and thus would not be eligible uses of Fund payments”;

**WHEREAS**, the U.S. Treasury’s “Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments” (last updated June 30, 2020) (“Guidance”) indicates that for a cost to be incurred by December 30, 2020, “performance or delivery must occur during

the covered period”;

**WHEREAS**, the U.S. Treasury’s Guidance subsequently reiterates that “in all cases it must be necessary that performance or delivery take place during the covered period” and that “the cost of a good or service received during the covered period will not be considered eligible under section 601(d) if there is no need for receipt until after the covered period has expired”;

**WHEREAS**, the Coronavirus Relief Fund money spent on impermissible purposes or that is not spent by December 30, 2020 or is spent for good or services not received by December 30, 2020 is subject to repayment to the U.S. Treasury; and

**WHEREAS**, the County is distributing Coronavirus Relief Fund money to eligible entities for permissible expenditures; and

**WHEREAS**, Recipient has submitted an application (“Application”) to receive Coronavirus Relief Fund money from the County for certain purposes specified in Recipient’s Application; and

**NOW, THEREFORE**, for good and valuable consideration, the sufficiency of which is mutually acknowledged, and intending to be bound, the Parties agree as follows:

### **1. RECITALS**

The Recitals are incorporated herein by reference, as if fully set forth in the body of this Agreement.

### **2. PURPOSE**

The purpose of this Agreement is to provide for the distribution of Coronavirus Relief Fund money under Act 24 of 2020 to Recipient for uses identified in the Application and permitted by the County; the CARES Act, as may be amended; Act 24, as may be amended; and related guidance from the U.S. Treasury and the Commonwealth, as may be amended.

### **3. CONDITIONS**

Recipient will receive Coronavirus Relief Fund money from the County on a reimbursement basis not to exceed \$184,243. As a condition of receiving Coronavirus Relief Fund money from the County, Recipient agrees that Coronavirus Relief Fund money it receives will be spent in accordance with the purposes set forth in its Application and Appendix A to this Agreement and in compliance with the CARES Act and related guidance issued by the United States government and the Commonwealth of Pennsylvania, including applicable future amendments to statutory provisions or related federal or state guidance, and in accordance with the limitations outlined in this Agreement.

#### **4. PERMISSIBLE EXPENDITURES AND OPERATIONAL STATUS**

Recipient acknowledges that the County has limited expenditures of Coronavirus Relief Fund money received from the County under this program to expenditures directly related to broadband internet deployment with priority given to unserved or underserved areas.

Goods and services purchased with Coronavirus Relief Fund money must be received or provided no later than December 30, 2020. In order to be eligible for Act 24/County Relief Block Grant/CARES Act Coronavirus Relief Fund money, a project must be operational by December 30, 2020. Operational means that the project has actually expanded broadband capacity to a significant extent in order to enable individuals to engage in the online activities of telework and distance learning and that the service is realistically available to and can actually be used by customers or subscribers in the County for those purposes. Only costs relating to the portion of the project that are operational by December 30, 2020 are eligible expenditures.

Recipient acknowledges that this requirement is mandatory and agrees to include provisions indicating that time is of the essence and that this deadline is mandatory in all agreements with providers of good and services.

#### **5. PROHIBITED CATEGORIES OF EXPENDITURES**

Recipient acknowledges that Coronavirus Relief Fund money distributed by the County may only be used for the purposes identified in the immediate preceding section. Recipient acknowledges that Coronavirus Relief Fund money may not be used to reimburse portions of an expense that is being reimbursed or paid by another source including but not limited to federal or state funding sources. Recipient further acknowledges that prohibited uses of Coronavirus Relief Fund money include, but are not limited to, expenditures not in compliance with any other limitations or requirements that have been or will be established by the County, the Commonwealth of Pennsylvania, applicable law, applicable regulations, or applicable CARES Act or Act 24 guidance.

#### **6. REPAYMENT**

Unspent Coronavirus Relief Fund money must be returned to the County by [insert deadline], 2020. In addition, any Coronavirus Relief Fund money that the U.S. Treasury determines must be repaid to the Commonwealth or the U.S. Treasury by Bedford County because Recipient did not spend it in compliance with the CARES Act, as amended, and related federal guidance, as amended, must be repaid to the County by Recipient.

#### **7. RETENTION OF RECORDS**

Recipient is obligated to retain records relating to the use of Coronavirus Relief Fund money, including, but not limited to, invoices, contracts, receipts, purchase orders, correspondence, records demonstrating that funds were spend for purposes permitted by the CARES Act and related federal guidance, and other records documenting Coronavirus Relief Fund expenditures. Such records shall be made available to representatives of Bedford County upon request and in the

format requested by the County. Such records must be retained at least five (5) years or any longer period that is required by law.

## **8. FEDERAL SINGLE AUDIT ACT AND UNIFORM GUIDANCE**

Recipient acknowledges that guidance issued by the U.S. Treasury indicates that Coronavirus Relief Fund payments are considered to be federal financial assistance subject to the Single Audit Act (31 U.S.C. §§ 7501-7507) and the related provisions of the Uniform Guidance, 2 C.F.R. § 200.303 regarding internal controls, §§ 200.330 through 200.332 regarding subrecipient monitoring and management, and subpart F regarding audit requirements. Recipient further acknowledges that Fund payments to Recipient count toward the threshold of the Single Audit Act and 2 C.F.R. part 200, subpart F re: audit requirements and that Recipient would be subject to a single audit or program specific audit pursuant to 2 C.F.R. § 200.501(a) if Recipient spends \$750,000 or more in federal awards during its fiscal year. Recipient further acknowledges that CFDA Number for this federal funding is 21.109.

## **9. AUTHORIZATION, MONITORING AND REPORTING**

Recipient will take all steps required to authorize the filing of the Application and authorize the individual who signs this Agreement to execute this Agreement on behalf of Recipient, to act as its representative with respect to the Application, and to provide such additional information as may be required.

Recipient acknowledges that the County shall monitor the expenditure of funds distributed under this agreement. Recipient agrees to take all steps necessary to permit the County or Commonwealth of Pennsylvania to monitor such expenditures.

Recipient shall submit monthly reports to the County regarding the status of the work and the expenditure of funds.

## **10. NONWAIVER**

A. A failure by each Party to take action with respect to any default or violation by the other Party of any of the terms, conditions or covenants of this Agreement shall not, in any way, limit, prejudice, diminish or constitute a waiver of any right of each such Party to act with respect to any prior, contemporaneous or subsequent violation or default or with respect to any continuation or repetition of the original violation or default.

B. Additionally, a failure by each Party to take action with respect to any default or violation by the other Party of any of the terms, conditions or covenants of this Agreement shall not, in any way, limit, prejudice, diminish or constitute a waiver of any right of each Party to act with respect to any prior, contemporaneous or subsequent violation or default or with respect to any continuation or repetition of the original violation or default.

**11. TERMINATION; CUMULATIVE REMEDIES**

A. This Agreement may be terminated for any reason by the County upon thirty (30) days written notice to Recipient.

B. It is understood that the right to terminate shall be in addition to all other remedies, which are or may be available to the County or the Recipient, for the other Party's breach of any covenant, term or condition of this Agreement. All rights and remedies under this Agreement shall be cumulative and shall be in addition to those rights which the Parties may have under applicable law, statute, regulation or otherwise.

**12. TERM**

This Agreement shall enter into effect as of August 24, 2020, and unless sooner terminated pursuant to Paragraph 11 hereof, shall expire when the County, in its discretion, determines that the expenditure of Coronavirus Relief Fund money and Recipient's obligations under this Agreement, including those relating to review of expenditures, if any, by the U.S. Treasury have been completed.

**13. NOTICES**

A. All notices, reports, or documents required to be given or made pursuant to this Agreement shall be in writing and shall be sent by either:

1. United States Mail first class delivery, postage pre-paid; or
2. Electronic mail (e-mail), confirmed by letter sent by United States Mail first class delivery, postage pre-paid;
3. Facsimile (fax) transmission confirmed by letter sent by United States Mail first class delivery, postage pre-paid.

B. All notices, reports or documents required to be given or made under this Agreement shall be sent to the respective Parties as follows:

1. As to the County:  
Bedford County Commissioners  
200 South Juliana Street  
Bedford, PA 15522

With copy to:  
Susquehanna Accounting & Consulting Solutions, Inc.  
Attn: Corey Troutman  
830 Sir Thomas Court Suite 150  
Harrisburg, PA 17109

Or to such other person or address as the County may from time to time designate in writing.

2. As to the Recipient:

Crowsnest Broadband LLC  
Attn: Dwayne Zimmerman  
4467 Woodbury Pike  
Woodbury, PA 16695

or to such other person or address as the Recipient may from time to time designate in writing.

**14. NO PERSONAL LIABILITY AND INDEMNIFICATION**

No elected official, officer, appointee, agent or employee of County or Recipient, shall be charged personally or held contractually liable by or to the Recipient under any term or provision of this Agreement or because of any breach hereof or because of its or their execution, approval, or attempted execution of this Agreement.

Recipient agrees to indemnify and hold harmless the County against all claims, suits and actions of any kind arising out of the work funded by this Agreement and related activities.

**15. HEADINGS**

The headings of the several paragraphs of this Agreement are inserted only as a matter of convenience and for reference, and they in no way define, limit or describe the scope or intent of any provision of this Agreement, nor shall they be construed to affect in any manner the terms and provisions hereof or the interpretation or construction thereof.

**16. SEVERABILITY**

The Parties intend and agree that, if any paragraph, subparagraph, phrase, clause, or other provision of this Agreement, or any portion thereof, shall be made to be void or otherwise unenforceable, all other portions of this Agreement shall remain in full force and effect.

**17. MERGER; MODIFICATION OR AMENDMENT**

A. The Parties intend this writing as the final expression of their agreement and as a complete and exclusive statement of its terms. This Agreement supersedes all other prior agreements and understandings both written and oral between the Parties with respect to the subject matter thereof.

B. This Agreement may be changed, modified, discharged, or extended only by written change order or amendment duly executed by the Parties.

C. The Recipient agrees that no representations or warranties shall be binding upon County unless expressed in writing herein or in a duly executed amendment or change order hereof.

**19. APPLICABLE LAW; VENUE**

A. This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Commonwealth of Pennsylvania.

B. The Parties agree that the state and federal courts sitting in [insert Pennsylvania city with nearest federal court], Pennsylvania shall have proper and exclusive jurisdiction and venue for any proceedings arising from this Agreement.

**20. ABSENCE OF RIGHTS IN THIRD PARTIES**

No provision of this Agreement shall be construed in any manner so as to create any rights in third parties who are not signatories to this Agreement. It shall be interpreted solely to define specific duties and responsibilities between the County and the Recipient and shall not provide any basis for claims of any other individual, partnership, corporation, organization or municipal entity.

**21. COMPLIANCE WITH APPLICABLE LAWS**

Each Party shall comply at its own expense with all applicable federal, state, and local statutes, laws, rules, regulations, guidance, codes, final and non-appealable orders, decisions, injunctions, judgments, awards and decrees (“Applicable Laws”) that relate to its obligations under this Agreement. Recipient agrees to comply with all Applicable Laws, including but not limited to applicable bidding and procurement requirements, applicable labor laws, applicable employment laws, applicable non-discrimination laws, applicable provisions of the Hatch Act, and other Applicable Laws. Recipient shall not discriminate on the basis of race, religion, age, gender, national origin, disability, or any other unlawful basis with respect to its use of Coronavirus Relief Fund money received from the County.

**22. BINDING EFFECT**

This Agreement will be binding upon and shall inure to the benefit of the County and the Recipient and their respective authorized successors and assigns, if any.

**23. AUTHORIZATION**

A. Recipient represents and warrants that its signatory has been duly authorized to execute this Agreement on its behalf.

B. This Agreement is entered into by the County pursuant to a motion made by the Bedford County Commissioners at their called special meeting on August 25, 2020 at 10:00 a.m. EST.

**INTENDING TO BE LEGALLY BOUND HEREBY**, the parties hereto set their hands and seals the day and year first above written.

You just need to print each item that Tracey sent you and marked on the invoice itself if it was COVID and attach a detailed explanation to it and the amount.

**To:** Commissioner Dallara; Commissioner Baughman; Commissioner Lang  
**Subject:** CARES Act - Child Care Providers  
**Attachments:** Child\_Care\_Providers\_Listing.xlsx

August 21, 2020

The Honorable Barry Dallara, Deb Baughman, and Josh Lang  
Bedford County

Dear County Commissioners Dallara, Baughman, and Lang:

Child care providers in your county and every county across the state are struggling to balance their books and remain open. The impact of COVID-19 on the child care system cannot be overstated. We hope you are aware of the dire straits child care providers face. Penn State Harrisburg's Institute of State and Regional Affairs issued *The Impact of COVID-19 on Pennsylvania Child Care* report, which outlines the extensive financial strain among providers in the Commonwealth. The report found that "without assistance, the impacts of the COVID-19 pandemic will continue to be felt for months or possibly years as child care providers try to re-open, rebuild, and traverse their new normal" and cites expenses to the sector totaling \$325 million just from the start of the pandemic through Labor Day. As of late July, more than 200 of the 7,017 licensed child care providers operating before the pandemic have indicated an intention to permanently close their doors, according to the Department of Human Services. The Penn State Harrisburg study found that "based on provider reports, without immediate assistance to offset ongoing costs associated with implementing COVID-19 guidelines and reduced enrollments, it is expected at least 4% of child care providers (280) will close permanently, with another 1,000 at risk of closure." The study found that "at a minimum, providers require financial assistance for facility expense during the shutdown, sufficient liquidity to cover one two-week floating payroll, and assistance to implement COVID-19 health and safety guidelines." Providers are also in need of financial assistance to offset reductions in enrollments.

The federal government wisely designated funds to help the child care sector weather the impact of COVID-19, but those funds have been exhausted and still most child care centers are significantly under-enrolled, which means they are unable to generate enough income to pay their staff. The General Assembly also earmarked discretionary CARES Act funds for the child care sector, but the combined federal and state funds are more than \$100 million short of the total estimated losses borne by child care providers across the state through Labor Day.

Since extra funds are running out, and so few families are currently sending their children to child care, **we are especially concerned that the high-quality providers who serve families eligible for subsidized child care in your**

**county will go bankrupt or close.** As more people return to work, and parents feel comfortable returning their children to child care, we will need these child care providers to support economic recovery. Your CARES Act funds can help close the gap.

It is also important to understand that there are basically two categories of child care providers--those who accept state subsidies that give children from low/moderate income working families the ability to enroll in child care, and those who do not accept these subsidies. Providers who accept state subsidy are likely to be underwater because state subsidies (paid mostly with pass through federal funds) do not reimburse providers at the actual cost of care.

Also, not all providers offer the same quality of care. The state's Keystone STARS program designates programs by STAR level, denoting the level of quality. Attached is a spreadsheet of every licensed child care program in the state, with their STAR rating. Operating a high-quality child care program is more expensive than operating low-quality programs. And, the data shows that low-income children entering school from high-quality providers typically outperform peers who attended lower quality or no child care program, at all.

We also recognize that child care providers will see an influx of children who are school-aged due to hybrid and all-virtual models being implemented by school districts. To serve these and all other children in their care, the Penn State Harrisburg study estimated providers will need to spend \$22 a week to cover the costs of PPE until the pandemic is over. Of course, this will vary by size of program, but this is a new cost that providers are not likely to be able to afford, or could only afford by raising their rates, thus creating a new burden for working families.

Counties can play an important role in ensuring the supply of child care for families as they return to work and school. We welcome commissioners to join as individual supporters of our advocacy campaign in order to help sustain child care as a backbone for our work force and the financial success of working families in your community. The Start Strong PA campaign also advocates for counties to consider utilizing a portion of CARES Act block grant funds to help non-profit child care programs stay open if you are still making decisions about how to allocate your county block grant.

Please reach out to any of our organizations should you have any questions about how to support the child care sector in your county.

Sincerely,

Carol Austin, Executive Director, First Up, [carol.austin@firstup.org](mailto:carol.austin@firstup.org)

**Subject:** RE: County Coronavirus Relief Training and Expenditure Sheet  
**Attachments:** COVID-19 Department Expense list.xlsx

Good afternoon everyone,

I am preparing the expense sheets for Susquehanna Accounting. If your Department does not plan on submitting an expense sheet please email me to let me know. If you submitted paper copies, please resend them to me electronically in a typed-up format. I should have specified that in the announcement so the fault there is mine.

Susquehanna has requested that we provide them with the excel sheets so that they may better review the data for our requests and funding eligibility. I've reattached the expense sheet for your convenience. If you have already sent me your expense sheets in the typed electronic format you don't need to take any additional action at this time.

Please let me know if you have any questions or need any assistance with the expense sheet.

Respectfully,

**Makayla Bollman**

**Subject:** County Coronavirus Relief Training and Expenditure Sheet

Good afternoon everyone,

Thank you all for taking the time to attend the Covid-19 training today. As promised, attached is the Powerpoint from today's training and the Excel Expenditure sheet. For anyone who was unable to attend I will have the recording of the sessions available in a few days.

## Bedford County Coronavirus County Relief Funding

For Department Heads, Elected Officials, and Department Supervisors

Following the Bedford County Coronavirus County Relief Funding training, conducted by Corey Troutman from Susquehanna Accounting & Consulting Solutions inc. (SACS), attached to this announcement is the expenditure sheet for the Coronavirus County Relief Funding. At the request of the County Commissioners, please fill out the attached form with any past expenditures (March 1, 2020 or later), current expenditures, future expenditures, or any related projects that fall under 1 of the 7 categories as described by SACS. Forms are due to Makayla Bollman, Director of HR by Monday, August 10<sup>th</sup>, 2020 by 4:30 pm.

A Follow-up with SACS may occur with departments during the week of August 17<sup>th</sup> to outline any large scope projects or extensive expenditures.

Potential eligibility will be determined by SACS through an extensive review process. Potential eligible funding projects/expenditures will be presented to the Commissioners for approval.

If you have any questions, please direct them to Makayla Bollman, Director of HR, to filter to SACS for a response.

Respectfully,

**Makayla Bollman**  
Director of Human Resources

Bedford County Coronavirus County Relief Funding

For Department Health, Safety and Department Supervisors

Following the Bedford County Coronavirus County Relief Funding training conducted by Corey Troutman from Susquehanna Accounting & Consulting Solutions Inc. (SACS), attached to this announcement is the expenditure sheet for the Coronavirus County Relief Funding. At the request of the County Commissioners, please fill out the attached form with any past expenditures (March 1, 2020 or later), current expenditures, future expenditures, or any related projects that fall under 1 of the 7 categories as described by SACS. Forms are due to Makyla Bolman, Director of HR, by Monday, August 10<sup>th</sup>, 2020 by 4:30 pm.

A follow-up with SACS may occur with departments during the week of August 17<sup>th</sup> to outline any large scope projects or extensive expenditures.

**Subject:** COVID-19 County Funds

Mr. Lang,

My office will be performing monitoring of the COVID-19 funds that Bedford County has received from the Commonwealth. I will be scheduling an entrance conference with the County between August 1, 2020 – August 31, 2020 outlining what can be expected during the monitoring process. In addition, during the entrance conference we will briefly go over the County's current controls.

Thanks in advance for the County's cooperation with the monitoring of this grant.
